MEMORANDUM

TO:

CHIEF JAMES HALL, CUMBERLAND ROAD FIRE DEPARTMENT

FROM:

HAROLD BEVERAGE+

SUBJECT:

ALERT AND WARNING RADIO DISTRIBUTION

Chief, as you are aware we are in the process of providing NOAA Weather Alert and Warning Radios to the majority of schools, hospitals, rest-home, and day care facilities in Cumberland County. I would like to know if the fire departments in each of the areas would like to participate by identifying the needs in their respective areas and then delivering the devices to those identified agencies. We would provide the radios and supporting documentation to the Fire Departments for distribution and would require a signature sheet showing who at what facilities signed for the device.

I know the next meeting of the Fire Chief's Association is a Chief's only meeting and I would appreciate it if you would bring this up for discussion. It is my intent that distribution of these radios be completed by mid-May. If the Fire Departments want nothing to do with this, I understand and will seek other civic organizations to accomplish the task. In any event, thank you for your time and I look forward to a response from you and your organization.
